DECOR DRUCK LEIPZIG

Our **new additions** couldn't be more different,
but take a look for yourself.
We have something to cater to any taste!

Santiago

Rustic Santiago impresses with its contrasting play of colours, allowing this antique wood to shine in a modern light.

Modena

Our **elegant and lightly brushed Modena** is ideal for use on modern doors and furniture.

Digital

The **Mosambik** decor, which has a mosaic-like appearance, is characterised by its corners and edges that stand out from the image.

Modern **Mosambik** also demonstrates its complexity in combination with wood, its Scandinavian style making it well-suited to furniture applications.
