

August 2021

*Stone in precision...*

... our motto for this month.  
We don't want to withhold our two beauties from you.

## Midnight Blue

*expressive and gentle*

A midnight dream of marble, that is our Midnight Blue. With its fine veined inclusions, it looks sleek and modern and it is a real eye-catcher.

## Accona

*rough and surprising*

Sun and sandy beach - this is the flair our Accona brings. A mixture of concrete and finely worked sand grains, which is popular in many areas of application.
