DDL wishes ...

Merry Christmas

The wild hunt for Christmas presents is slowly coming to an end and we are looking back at our highlights such as the **Bartex Planken**.

It is **rustic & lively** on the move and cuts a fine figure in the doors and furniture industry and is unbeatable in combination with our Anthracite and Sage.

The **DDL team** would like to take this opportunity to thank you for the trust you have placed in us and the great co-operation with you.

We would like to develop exciting projects with you again next year and look forward to realising them together with you.

We wish you and your families good health during this time of reflection, a **Merry Christmas and a Happy New**

year 2024.
