

Our innovations are lining up for you!

From quiet and elegant to rustic and exciting, our new arrivals have a lot to offer. They have already been presented at interzum 2019 and aroused the curiosity of many visitors.

**Let us impress you
with our new products!**

The rustic Crenata

With its interesting and lively play of colours, this decor fits very well into the still current theme of natural woods and is thus highly versatile in the respective areas of application. It is a real eye-catcher with its contrast of bold and soft colours.

Roxy Anthracite

Our Roxy is an all-rounder with a great deal of potential. Its surface impresses with its fine, granular ceramic structure.
